*\*\*The weights above are approximations; every animal is different so please allow for variation. You will know the exact weight of the beef at processing.*

*\*Note: Eighth beef orders have a standard sampling of steaks and roasts to give you the best variety of a small order. You are still welcome to customize your ground beef (size of packaging, etc.). Those ordering a quarter, half or whole beef receive priority. We highly recommend ordering a quarter.*

Processing details:

- Beef is processed at a PA inspected, family-owned facility. Customer is responsible for submitting order forms within 5 days of the process date. The Kennedys will notify you when your order is ready and arrange a time to deliver it to you.
- Beef will come vacuum sealed, labeled and frozen, ready for your freezer!
- We require a \$100 nonrefundable deposit within 30 days of the process date to hold your beef order, and the remaining cost (once the hanging weight is determined by the butcher), is due upon delivery of the beef. Deposit is applied to final bill. Cash or check accepted. Checks should be made out to Philip Kennedy.
- Specialty items will cost extra (they are marked on the order form). For example, ground beef with bacon added is an extra \$1/lb.
